PRO.SKILLS

- Programming Languages
  Python, Java, JavaScript
- OOP
- Web Technologies
  HTML, CSS, JavaScript
- Data Base
  MySQL
- Tools
  Figma
  IntelliJ
  Visual Studio
  Draw.io

SKILLS

- Good Communication
- Time Management
- Problem Solving
- Team Work
- Adaptability

PERSONAL PROFILE

I am an inspired and ambitious computer science undergrad who has an interest in learning about Frontend, back-end development , UI/UX, and new technologies. I have experience in front-end development and UI/UX. Have soft skills like communication, teamwork, and Time Management.

EDUCATION

2022 –Present
UNDERGRADUATE BSC (HONS) COMPUTER SCIENCE
Informatics Institute of Technology affiliated with University of Westminster

Level 5 - Second Year
Object Oriented Programming
Database Systems
Software Development Group Project
Client-Server Architectures
Server-Side Web Development
Machine Learning and Data Mining

Level 4 - First Year
Software Development I
Mathematics for Computing
Trends in Computer Science
Computer Systems Fundamentals
Software Development II
Web Design and Development

2021 –Present
Foundation
Academic Skills for Higher Education
Mathematics for Higher Education
Introduction to Information Technology
Introduction to Programming I
Introduction to Programming II
Working with Data
Digital Circuits & Logic Design
Designing Innovative Solutions

Jan 2020 - Oct
GCE ORDINARY LEVEL
Piliyandala Central College
3A's , 3B's ,3C's

LANGUAGE

- Sinhalese
- English

INTERESTED

- UI/UX
- Front-end development
- Back-end development
- Software development
- web development

OTHER COURSES

- Figma Essential Training
- Python Object-Oriented Programming (2020)
- Learning PHP(Ongoing)

PROJECTS

Empowering Awareness,Support for STD Prevention (Ongoing)

Social STD ID web app: User-friendly questionnaire empowers confident risk assessment & guidance for all.
(Reactjs, Nodejs, MongoDB, Tensorflow)

Book recommendation system

University software development group project using react , node.js , Lang chain and openAI. chatbot base book recommendation web application.

University Student Grading System

Application created to get results for models and output the eligibility of the student to proceed to next academic year (Python).

Movie Theater Ticket Booking System

The system's functions include booking, canceling, and viewing all ticket sales details, among other things.(Java)

Diet Planning App UI/UX

Foundation design group project using Figma. created diet planning application interface.(Figma)

Music Website

University group project using web technologies. Details about the evolution of music throughout history, including rock, pop, hip hop, rap, and some important details about musical groups.(HTML/CSS/JAVA SCRIPT)

Shopping Management System

Application that use for manage shopping managment system with java swing with GUI interface created using Java,Java Swing

Attendance System

Application created to mark attendance and save to a database. application can mark , add , delete each student data.(Python/My SQL)

ADDITIONAL ACTIVITIES

IX-23

Participated in a designathon organized by IEEE Student Branch of IIT.

Pyhack 2.0

Participated in a coding competition organized by IEEE Student Branch of IIT

PrologueX

Participated in the coding competition organized IEEE Student Branch of IIT to give an idea about the IEEE Xtreme competition

IEEE Xtreme 17.0

Participated in the IEEE Xtreme Programming Competition which is a 24 hour global programming competition hosted by the Institute of Electrical and Electronics Engineers (IEEE).

STUDENT MEMBER OF CLUBS

IEEE CS of IIT
